You will have a great time between the palm trees, sand and waves of the ocean!

The most popular beaches - Copacabana, Ipanema and Leblon, are famous for their black and white tiled promenade. Numerous open cafes at the beach will offer you refreshing coconut water, freshly squeezed juices and other drinks. The first stop is on Urca Mountain, with a wide viewing area. A cable car ride will take you up to Urca Mountain, the stop between ground level and Sugarloaf. Once arriving at the top of Sugarloaf Mountain you will see the captivating beauty of Rio from a different angle. To your left you can see Copacabana beach stretching out into the distance, and on the horizon the faint outlines of Two Brothers and Gávea mountains. Below you are the intimate Red Beach, while to your right you can see across Guanabara Bay to Niterói and, nearer by, Botafogo and central neighbourhoods, with the unmistakable silhouette of Christ the Redeemer casting its eternal gaze over the city. From this point we gain a different perspective on Rio, and can truly appreciate its beauty. After descending the mountain by cable car, you will head into the Historical Center with its colonial architecture including many old churches still in use. The cobbled streets and bright colours are a stark contrast to the whitewashed, sun soaked streets of Ipanema but in many ways are part of the authentic, nearly forgotten historical Rio, and one can almost feel the hustle and bustle of hundreds of years ago when these streets were filled with merchants and citizens of the Portuguese Empire, locals, immigrants etc.
